Governor Suggests Incentives To Drs

Mysore, Nov. 15

Governor Mohanlal Sukhadia called upon the Government here today to provide incentives to dental doctors and medical men to go to villages to serve the rural masses.

Inaugurating the fourth State dental conference, he suggested to the Government to think of liberalising loans and, if possible, give subsidy to doctors to go and settle down in rural areas. This would not only help slove the unemployment problem among doctors, but would help the Government in providing medical facilities in rural areas, he said.

Stressing the importance of dental care, the Governor said dentistry was said to be expensive. Dental doctors must therefore agree to serve the poor at nominal charges.

Director of Health B V. Puttaraj Urs, who inaugurated the scientific exhibition, said the Government's aim was to have a dental clinic at every taluk.

KSTDC Chairman Azeez Sait inaugurated the dental exhibition. Dr Thomas Eapen welcomed. Dr A A Kuttappa, President elect, read messges and Dr Sabhaschandra Shetty report State Branch President Dr. U.S Mohandas Nayak said at present there was one dental clinic for a population of eight lakhs in the country. Dr. Syed Tajuddin proposed a vote of thanks

Encourage Local Artists

Sir :- Mysore City has been famous for arts, crafts, music etc. In this year's Dasara Exhibition, for example, an engineering student has exhibited paintings on grains of rice. This has won the appreciation even of our Prime Minister.

Therefore, I suggest to the judges of the Dasara Exhibition Committee that while awarding first prizes to give special consideration to local talent which deserves to be encouraged.

It may be added that it is well known that after the burning of Palace in 1895, His Highness late Sri Krishnaraja Wadiyar IV made use of only local talent in the construction of the new Palace, including the Sejje (Durbar Hall.

Therefore, people, particularly the poor should not imitate the rich and waste their savings by holding marriages on grand scale. They should save the amount for the future of the newly married ones, he said.

The measures being brought forward included a ceiling on urban property which would be brought forward soon, Sri Urs said.

He suggested to the Turst Board to give preference to the poor in holding marriages at the Kalyana Mantap and also utilise the Kalyana Mantap for community activities.

Smt. Chikkammanni Devaraj Urs, who laid the foundation-stone, suggested to the trust board to construct more such Kalyana Mantaps in other Mohallas for the benefit of the poor.

Plan Ahead For Next Dasara, CM

Mysore, Dec. 5

Chief Minister Devaraj Urs, who praised the Dasara Exhibition Committee yesterday for reviving the Dasara festivities, suggested to it to plan from now alone for the next year's Dasara to make it more attractive.

Delivering the valedictory address of the 59-day-old Dasara Exhibition, he criticised those who had opposed the revival of the festivities and said Dasara was never confined to the rulers and it was a festival of the people. It was only jealousy and cynicism which had made these people criticise it, he said.

The Government, therefore, decided that the festivities should continue and agreed to the proposal of the prominent citizens when they came forward to organise the celebrations.

Assuring all assistance from the Government for putting up a permanent exhibition, he said that 102 acres were available at Doddakere for the purpose. Sri Srikantadatta Narasimharaja Wadiyar had promised to give 80 acres.

SriUrs was happy that the committee members had worked with zeal and devotion and that over six lakh people had visited the exhibiton netting a gate collection of Rs. 4.5 lakhs. He congratulated them on behalf of the Government and the people.

The Chief Minister reiterated that Mysore should remain as a cultura and educational centre, spreading the industries outside the city.

Exhibition Committee President F K. Irani, who presided, stressed the need for a permanent exhibition complex

General Secretary B C Linglah welcomed. General Secretary D. Jayadevaraje Urs in his report said that the total expenditure was Rs. 7 lakhs and the receipts would cover the expenditure. Sri Subramanyaraje Urs spoke. Sri Raju proposed a vote of thanks.

Immunity To Press Goes

Three Ordinances were promulgated yesterday night by the President dissolving the Press Council, repealing the Parliamentary Proceedings (Protection of Publication) Act and preventingpublication of "objectionable" material in the Press, with immediate effect.

The ordinances were signed by Fakhruddin Ali Ahmed at Cairo, who is on a visit to Egypt.

The Press Council had come into being in 1966. The Parliamentary Proceedings (Protection of Publication) Act had been passed by Parliament in 1956. Sri Feroz Gandhi had moved the Bill then.

The prevention of publication of objectionable matters rules have been practically revived again after 1957. A similar law had been passed by Parliament in 1951 but was removed in 1957. Under the ordinance, the Government can seize any publication with "objectionable" writings. It can also ask the publication to give security which can be forfeited.

Women's Edn. Needs Importance

Mysore, Dec. 17

A via media to the language problem in schools was suggested by Dr. (Smt) Indira Amla, Principal, Medical College, here this morning.

Inaugurating the three-day national seminar on "Women's Literacy in India" at the Central Institute of Indian Languages, Dr. Indira Amla, who is also a child specialist, suggested emphasis for mother tongue in cultural, social and religious aspects and adopting bi-lingualism in the field of education.

She cited the example of Thailand where she said the language problem had been solved by giving emphasis to mother tongue in social, cultural and religious fields while two languages including English were taught in school. This system helped children to continue to think and work in their mother-tongue.

Smt. Amla called for overhauling of the whole education system and widening the scope of education from mere literacy.

She pleaded for national level priority for women's education.

Smt. Devaki B. Singh, who presided, regretted that the weaker section had been neglected intellectually also. The disparity in education remained shocking. It was high time this was recognised and due opportunity was provided to them in the field of education.

Dr. Sambasiva Rao welcomed the gathering. Smt. J. Shakuntala Sharma proposed a vote of thanks.

There are now over 2,13,000 fair price shops and consumer co-operatives in the country which cover a population of about 4.5 crores.

There is a net-work of over 6,000 outlets for soft coke, 1,28,000 for kerosene and 28,000 for controlled cloth. 75% of these are in rural areas.

During 1974-75 nearly 80% of the controlled cloth sold in the country was distributed in rural areas.

Steps have been taken to increase the production of soft coke and it is planned to produce 37 lakh tonnes in 1975-76. This will be about 33% more than last year's output.

To promote greater participation of co-operatives in the public distribution system, a percentage of production of commodities like baby food, soap, dry battery cells, razor blades and tyers and tubes for cycles, rickshaws and scooters has been set apart by the manufacturers for sale through consumer co-operatives.

READERS' FORUM

A RARE OPPORTUNITY

Sir,-During the last several years, Mysore has been fortunate in having lectures on Tiruppavai. Andal, one of the 12 saints whom the Srivaishnavas revere, composed Tiruppavai in Tamil. They explain Tatwa, Hita and Purushartha. From the point of philosophy, Tiruppavai is the quintessence of the Gita. From the point of literary composition, it has attained the place of classics.

Sri E. S. Varadachar, Professor of Mimamsa in the Mysore Sanskrit College, is an adept in giving lucid and delightful commentary to the above poems. Sri Jayathirthachar, a learned scholar, is no less in the above art. Both of them are explaining this great work, one poem a day, day after day, to the admirers of Tiruppavai in the evening at 7 p. m. in Krishnamurthypuram.

Sri V.T. Thirunarayana Iyengar, a retired Professor of Sanskrit, Mysore University, is equally eminent in explaining verses and he is doing it in the College Road daily at 7 p.m. It is a rare opportunity to listen to these learned men expounding the philosophy and the literary eminence of these compositions. Mysore is so full of Astikas it would really be profitable to them to hear these learned commentators, and slake their thirst of philosophy and literature.

NO NEED FOR SATYAGRAHA, BHAVE

Acharya Vinoba Bhave, breaking his year long silence at Paunar (Wardha) yesterday, said that there was no need for "Satyagraha" to solve the country's problems since the Government was responsive to "Anushasan".

Inaugurating the three-day silver jubilee celebrations of the Bhoodan movement, he said the question of "Satyagraha" would arise only if the Government did not follow the path of self-discipline. He was confident "that such a situation will never arise in India".

Explaining "Anushasan", the Acharya said the country's problems would be solved by the "Anushasan" which would also ensure a social order based on peace and mutual respect.

He expressed the hope that distribution of entire land received as Bhoodan would be completed before the end of next year.

A FEAST OF MUSIC

Bidaram Krishnappa Rama Mandir had arranged for a violin recital of the trio, Sri L. Vaidyanathan, Dr. L. Shankar and Dr. L. Subramanyam on last Sunday, with mridanga by Sri Palghat Mani Iyer. The hall was filled to overflowing by lovers of music. The symphony that emanated from the three was pleasing.

The recital started with Bhairavi Varna. Kambhoji was taken up for Pallavi. Mani Iyer is a matchless expert of the old and he is still the same. Age does not seem to have wrought wrinkles on him.

The special feature of the performance was that there was no mike. This reminds one of the good old days when recitals in this hall were held without a mike. The music lovers never felt the need for a mike. In halls acoustically fitted a mike may be superfluous. Anyway to practice so as to produce enough volume and proclaim the independence of the voice or the stringed instrument from the mike would be a welcome come back.

VYASA BHARATHA RELEASED

Mysore, Jan. 13

The epics Ramayana and Mahabharata had preserved the great traditions and cultural heritage of this country down through the ages, Education Minister M. Mallikarjunaswamy said yesterday.

Releasing the low-priced second edition of Kumaravyasa's 'Karnata Bharata Kathamanjari' published by the Mysore University Prasaranga, he said there was criticism by some people who opposed reprinting of epics that they were outdated for the growth of a new society. But it was wrong to throw away what was good just because they belonged to the past, he said.

The Government would consider the plea of the Prasaranga for financial assistance to bring out again the low-priced edition of Kuvempu's "Sri Ramayana Darshanam", which was still in demand, and other classics, he said.

Prasaranga Director Prabhushankara, who welcomed the gathering, said that 4[illegible],000 copies of Kumaravyasa Bharata had been printed to meet the public demand and would be sold at a no-loss no-profit price of Rs. 7. The Government had given financial assistance of Rs. 57,200 for the republication of the epic.

The Prasaranga had sent a scheme to the Government for bringing out other classics like Pampa Bharata, Pampa Ramayana, Harischandra Kavya at low price. It also proposed to bring out again the low priced edition of Kuvempu's Sri Ramayana Darshanam, Dr. Prabhushankara said.

Milk Cards From Feb. 1

Mysore, Jan. 30

The Government Milk Dairy will issue milk cards to all its 2,800 permanent consumers in the city to assure them milk supply during the ensuing summer as at present.

Disclosing this, Dairy Superintendent K. Siddaiah told newsmen yesterday that the cards will come into effect from Feb. 1. The cards will be distributed through its 29 agents. No new consumers will be enlisted until the completion of the summer. Similarly no milk will be supplied for marriages and other special occasions.

Assuring supply of milk to its consumers during the summer at the present quantity, he said steps have already been taken in this regard. The help of milk dairies in Erode, Ooty and Bangalore will be taken to get adequate supplies of milk.

Sri Siddaiah said the dairy was at present producing 4,000 litres of milk a day. The plant had a capacity of 10,000 litres.

Referring to the expansion programme under the World Bank aid programme, he said Mysore district would receive Rs. 10 crores for dairy development. Steps had already been taken to form milk producers' co-operative societies in villages on the pattern of Anand Milk Dairy.

A milk powder plant with 1 ton capacity, cattle feed unit with 10 ton capacity, a diagnostic laboratory and a semen bank would be set up. Plans were being worked out to increase the milk producing capacity to 20,000 tons, the Superintendent said.

More Food Production Vital

(From Our Correspondent)

Bangalore, Jan. 30

Dr. H.R. Arakeri, Vice-Chancellor, University of Agricultural Sciences, said today that although hopes of self-sufficiency in food had appeared on the horizon with the bumper crop this year, the country was still not out of the nightmare of famines as the high rate of food production was not a constant one.

In his key-note address on agricultural challenges of 1980 at the national-level seminar which began at Hebbal today, he said the problems of agriculture were growing posing stupendous challenges. The bumper crop was not a regular feature. It appeared only once in few years. Therefore, efforts to increase the food production should not given up.

Agriculture Minister N. Chikke Gowda spoke. Forest Minister C.N. Patil released a souvenir. Director Dwarakanath welcomed the gathering. Over 300 delegates are attending the seminar.

Civic Body's Plan To Help Poor

Mysore, Feb. 6

The Mysore Municipality has decided to provide free consultancy service to people belonging to weaker sections in respect of construction of houses costing not more than Rs. 10, 00.

Disclosing this, Commissioner S. Swatantra Rao told newsmen today that the Municipality would also give them free house plans. Apart from helping the poor, the scheme would ensure proper growth of the city, he said.

The 150-acre betel leaf garden in Ramanuja Road would be shifted to the municipal farm soon and the present garden would be left as lung space in the city, Sri Rao said.

He asked the betel leaf cultivators to give applications within 15 days for rehabilitation. The rehabilitation work would be done free of cost. The Government had asked for proposals to rehabilitate them, he said.

Under slum clearance, the Government had approved the first phase scheme to rehabilitate 78 families in Asokapuram at a cost of Rs. 8.30 lakhs. The foundation-stone for the scheme would be laid by Municipal Administration Minister D.K. Naiker on Sunday.

The modern crematorium which was under construction at a cost of Rs.7 lakhs would be ready by another three months. The equipment had already arrived and civil work was going on. The 3.5-crore HUDCO housing scheme was expected to be approved soon, he said.

The Municipal Commissioner said this year a provision of Rs. 18 lakhs was made for improving 66 roads in the city. About 347 new tube lights were installed. A sum of Rs. 33 lakhs was collected under house-tax, out of the dues of Rs. 83 lakhs.

A sum of Rs. 30 lakhs was spent on sanitation. About 5,800 dogs, 1,713 stray cattle and 54 monkies were caught. The birth rate was 30 Per 1,000 and the death rate, 12 per 1,000, he added.

He introduced the new Health Officer, Dr. Shivanna.

Take Science To People

Sethna's Call To Mass Media

Mysore, Feb. 9

Dr. H.N. Sethna, Chairman, Atomic Energy Commission, said yesterday that the communication of science through our mass media was "disheartening" and pleaded for a better and more extensive communication network for diffusion of knowledge of science.

Delivering the 56th annual convocation address of the Mysore University, he said that such a system of network would help the people to appreciate the drama, mystery, human relevance, the successes, the failures and the noteworthiness of science ond technology.

The share of space, time and resources deployed for science and technology by our media was hardly five per cent. In regional languages, it was even less.

Dr. Sethna said universities also had a major role in taking science to the people through their extension and continuing education programmes.

Dr. H. N. Sethna, Dr. M.H. Gopal, distinguished economist, Sri V. Sitaramiah, noted litterature and Sri Rajkumar, Kannada matinee idol were conferred honorary doctoral degrees at the colourful ceremony held in the spacious open air theatre. Dikshit Chastises Students

Mysore, Feb. 9

The colourful convocation was marred yesterday when a section of the students continuously whistled and booed Dr. Sethna, Chairman, Atomic Energy Commission, while he was delivering the convocation address.

Dr. Sethna ignored the booing twice or thrice during his address. But when it continued he abruptly stopped his address saying: "If you don't want to listen to my speech, I conclude it. Thank you, Vice-Chancellor", and he returned to his seat.

Governor Uma Shankar Dikshit, perturbed by this. rightlychastised the students saying: "I am sorry you have not allowed the guest of this University and an eminent scientist to conclude his speech. I am sorry for the disrespect you have shown. We should give him respect as he is our distinguished guest. I request Dr. Sethna to complete his speech".

Saying "Thank you, Mr. Chancellor", Dr. Sethna read the remaining last page of his address.

Change In Edn. System Vital

Mysore, Feb. 16

Dr. V.K.R.V. Rao, former Union Minister, yesterday urged for a drastic change in the present education a system.

Inaugurating a seminar on "Education — A New Vision" organised jointly by the Leo and Rotaract Clubs, he said that education did not mean "stuffing the individual with information". Students did not come to lasses with empty head.

On the other hand it should stimulate intellectual curiosity and scientific outlook and rationality in thinking. It should invoke participation by students through more and more discussion and seminars and less and less lectures and notes.

Education should provide work experience and teach dignity o labour. It should create social, cultural and spiritual awareness and patriotism. It should also help development of the body and good health, Dr. Rao said.

Acting Vice-Chancellor D. V. Urs, who presided, said that education should be delinked with degrees. It should be linked with production.

Kumari Mohamid F.K. Irani welcomed and Sri B .K. Kumar proposed a vote of thanks.

Delay in Paper Mill Expansion

State's Apathy Criticised

Mysore, Feb. 18

Sri B. P. Maurya, Minister of State for Industries and Civil Supplies, yesterday criticised the State Government for not heeding to the request of his Ministry to ensure adequate supplies of raw material for expansion of the Mandya National Paper Mills at Belagola.

Speaking to newsmen at the mills, he said that if this attitude continued the Rs. 42-crore expansion scheme might be delayed. While the plants coming up at Assam were not getting adequate funds, the funds provided for this mills were not being utilised, he regretted.

The Minister said the present installed capacity of the mills was 1[illegible],000 tons and it was proposed to be increased to 4[illegible],000 tons. Due to the shortage of baggase, the raw material used now, the production was not even 50 per cent at present. So, the State Government had been requested to allocate bamboo to be used as raw material.

He said the Kerala newsprint plant with 80,000-ton capacity would be commissioned on schedule. The Nepa mills had produced 54,000 tons of newsprint last year. This year the target was 60,000 tons. The total production of paper in the country was 8.37 lakh tons last year.

Cement was no more a problem. While the capacity was 20 million tons, the production last year was 14 million tons and this year 16 million tons. The Fifth Plan target was 92 million tons of installed capacity with a production of 25 million tons, Sri Maurya added.

"Devarajagiri"

Mysore, Feb. 23

The newly developing Metagalli industrial area on the outskirts of the city was today named "Devarajagiri" by Industries Minister S.M. Krishna as a tribute "to the abiding interest evinced by Chief Minister Devaraj Urs in the industrial development of Mysore district and Karnataka".

Presiding over the function of laying the foundation stone for the Rs. 150-lakh Chamundi Machine Tools, Sri Krishna said there was a great spurt in the industrial activity during the last four years and this was due to the fillip given by Sri Urs.

The road from Mysore to KRS covering the Metagalli area was today covered with a number of industries and the entire area had seen a change. By the side of Metagalli, Yadavagiri extension was located. It would be appropriate, therefore, to name this industrial area as "Devarajagiri" as a tribute to the foresightedness of the Chief Minister, he said.

Sri Urs, who earlier laid the foundation-stone, agreed to extend the concessions offered to new industrialists in this backward district to public sector industries also.

HMT Chirman Dr. S.M. Patel, who presided, said a big multi-storey building costing Rs 50 lakhs would be constructed at Bangalore for the HMT corporate body.

Chamundi Machine Tools Factory Chairman K.R.S. Gowda said the factory would employ 250 persons and produce 150 lathes during 1976-77. Director of Industries Zafar Saifulla welcomed and Director M.N. Sadasivaiya proposed a vote of thanks. Both Dr. Patel and Sri Urs signed the joint agreement for HMT collaboration for the factory.

Irregular Water Supply

Sir,— The water supply is irregular in some parts of Devaraja Mohalla of recent. In D. Subbiah Road and Seshadri Iyer Road, the supply starts at 4 a.m. and ends at 11 a.m. It is said that the two water tanks in Vani Vilas Road (near Church) are not functioning and hence the bad distribution. In Kakarageri I Main (Seshadri Iyer Road East), where the poorest of the poor live, is a sorry plight to see women and children carrying pots for water. A new pipe line from the main in D. Subbiah Road may be taken through Bestageri and Kakarageri as the grading is down and the flow therefore will be easy.

MINISTER'S HOPE ON BG

Mysore, Feb. 24

Industries Minister S.M. Krishna expressed the hope here yesterday that the Government's plea for broad-gauge between Mysore and Bangalore would be included at least in the next budget of the Railway Ministry.

Speaking to newsmen, he said the State Government felt that the conversion was a must and it was committed to subsidise the project. The Railway Board Chairman had also felt the need for the conversion.

Karnataka and one or two other States should not be forced to feel that their basic demands for railway lines was being neglected by the Centre, he said.

Sri Krishna said the widening of the highway between the two cities would be taken up soon.

The State would also press the Railway Ministry for the speedy execution of the Rs. 40-crore axel and wheel manufacturing plant being set in Yelahanka, near Bangalore, the Minister said.

Referring to the Kudremukh project, he said the work on providing infrastructure for the Rs. 500-crore project had begun. Work on building roads was going on. Water was being diverted from the Chakra river to the Sharavathi for generating more power required for the project, Sri Krishna said.

The first instalment of loan amount from Iran would come when the new company was floated. A new company was necessary because it was a gigantic project, the largest mining project in the country.

Under the agreement, seven million tons of iron ore should be supplied to Iran every year over a period of 20 years, he added.

Bigger Task For Party Youth, CM

Mysore, Feb. 24

If the new programmes of the Congress party were to become fruitful more youngmen should be attracted to the party and they should be entrusted with greater responsibility, Chief Minister Devaraj Urs said here on Sunday.

Inaugurating the office of the City and District Youth Congress Committees at the site near the Railway Station, he said an army of youth should be created to implement the new programmes in every village.

He called upon Congressmen to join hands with the Youth Congress and help in taking the party in the new direction.

Sri Urs said the party had created more enemies during the past 4 or 5 years following the implementation of new programmes. These enemies were more effective, he said and asked the partymen to be careful about them. The Congressmen should not waste time quarreling among themselves, he advised.

Thousands of persons from the Opposition parties, particularly from Congress (O), were ready to join the Congress. This should not result in deviating from the path the party had chosen, Sri Urs said.

City Youth Congress Committee Convener B.K. Prakash welcomed. Sri M.L. Shivalingappa read a report. City District Congress President D.Jayadevaraje Urs spoke. District Youth Congress Committee Convener Srinivas proposed a vote of thanks.

The third volume of the Kannada literary history, published by the Institute of Kannada Studies, Manasa Gangotri, was released today by Prof. A. N. Murthy Rao retired English Professor of Mysore University.

Acting Vice-Chancellor D. V. Urs suggested that the work on Kannada literary history should be extended to cover the period till 1980 instead of 1970 as proposed at present.

Welcoming the gathering, Institute Director Dr. H. M. Nayak said the volume covered the period from 850 to 1150 A.D.

Evolve Community Journalism

Dy. Minister's Call To Small Papers

Mysore, March 15

Union Deputy Information and Broadcasting Minister Dharma Bir Sinha yesterday called upon local newspapers to become a part of the community and evolve a "community journalism".

Inaugurating the silver jubilee celebrations of "Samachar" at Town Hall, he commanded the role of small newspapers and said they shoul cater to the requirements of the local community rather than try to compete with national dailies.

Referring to the role of journalists, Sri Sinha asked them to help the country move out of intellectual dependence on alien formulations. 'Journalists should once again become missionaries of a new, resurgent India, which will depend upon its own wisdom and experience", he said.

Congratulating "Samachar" on its 25 years of useful service, the Minister said the silver jubilee of any newspaper was indeed a landmark, and particularly in respect of small papers. The Government was aware of the problems of the small papers, he said.

The Minister released the silver jubilee souvenir.

Sri Tulsidas Dasappa, MP, who presided, underlined the role of journalists. He appealed to the Government to help small newspapers in big way. He complimented Sri G. L. Swamy, founder of "Samachar", on having set a high standard in journalism.

Sri Tulsi das presented a month's bonus to the workers of "Samachar".

Welcoming the gathering, Editor G. Satyanarayana appealed to the Government to help the district newspaper to a larger extent. These newspapers were the "weakest section" in the newspaper industry and any help to them indirectly helped the weaker section also.

Kumari Radha and sisters rendered invocation. Sri G. Subbanarasimha read the messages. Sri Gouri Sundar proposed a vote of thanks.

Record Farm Production

(From Our Correspondent)

Bangalore, March 19

The Assembly took into consideration today voting on demands on agriculture, animal husbandry, dairy development, horticulture and fisheries.

The State has made commendable progress in all directions in these fields. A new era with a bright future is seen in agriculture. With favourable monsoon and extension programmes, the State hopes to keep accelerated growth rate in agriculture during the current year.

The major contributing factor for this happy position is the coverage under high-yielding varieties. Taking 1956-57 as base, the agricultural production of 1975-76 is expected to touch a new mark registering a 100 percent increase.

The Planning Commission had suggested a target of 11.71 lakh hectares for 1975-76 against an achievement of 11.34 lakh hectares in 1974-75. However, the State has set for itself a higher target of 14 lakh hectares including high-yielding varieties of ragi. The command areas under irrigation has also considerably increased during the last few years.

Iron Age Graves In Dt.

(From Our Correspondent)

Bangalore, March 19

The State Department of Archaeology and Museums continued to make steady progress in the field of explorations. Surveys were carried out in search of antequarian remains.

It found out a Rashtrakuta temple. So far, in the whole of Karnataka, there is no temple which can be definitely ascribed to Rashtrakuta reigns. This is, therefore, an important discovery.

A small excavation was conducted at the Megalithic site at Bylur, near the Tibetan Rehabilitation Camp in Kollegal taluk in Mysore district. The graves belonging to iron age and datable to about 2,500 years from now were exposed.

The Department carried out conservation of monuments at the temples of Sri Varahaswamy at Mysore and also temples at Halebid and Javagal. Conservation of important monuments of Jain basti at Yamagunda and Chickanjege, both in Mysore district, will be taken up.

There will be film show at Maharaja's College Centenary Hall at 6-30 p.m, under the auspices of the Mysore University.

Steps To Check ESI Misuse

Mysore, March 29

Chief Minister Devaraj Urs yesterday strongly criticised the workers of the organised sector who were misusing the facilities offered by the Government.

Laying the foundation stone for the Rs. 55-lakh 100-bed E.S.I. Hospital, opposite the P. K. Sanatorium, he said it was a strange phenomenon that ESI medical facility was misused by large scale absenteeism among organised sections of workers.

This tendency was not only affecting the labour class, but was also anti-national as it hindered production, he criticised.

Even the union leaders were afraid to tackle this absenteeism, because their leadership was dependent on the support of these labourers. "Here the leader is one who is lead by others", he regretted.

Sri Urs called upon the workers to realise their responsibility. Without realising one's duty and responsibility, one could not talk of democracy. The working class should realise this and work hard to increase production, he said.

Labour Minister S. M. Yahya, who presided, said the Government was thinking as to how to control the tendency among workers to abstain from work by producing false medical certificates.

He said it was proposed to spend Rs. 3.5 crores to provide more ESI hospitals and dispensaries in the State in the next two years. They would be in Mangalore [100 beds], Mysore [100 beds], Bangalore [300 beds costing Rs 1.5 crores], Hubli, Davangere [50 beds each], Gulbarga, Harihar and Kolar.

Sri Yahya said the employees in hotels and restaurants would be covered under the scheme from April 1 at Bangalore and from August 1 in 28 other centres in the State.

Chief Engineer K. Sunder Naik welcoming said the three-storey hospital would come up on a 3.5-acre land. ESI Regional Deputy Medical Commissioner Dr. S.R. Goil gave a review of the scheme. Joint Director Dr. B.V. Patel proposed a vote of thanks.

Public Money Recovery Act

Mysore, March 29

Karnataka has taken a lead over other States in the abolition of bonded labour, Minister S. M. Yahya said yesterday.

Delivering the valedictory address of the two-day seminar on bonded labour at the AdministrativeTraining Institute, he said that so far 24,471 persons had been released from bonded labour, 273 cases had been booked, 166 cases were pending trial and 276 cases were under investigation.

He called upon the officers to implement the programme whole-heartedly overcoming any technical, practical and other difficulties that might crop up in the process of implementation.

Chief Secretary G. V. K. Rao, who presided, asked the banks to invest more funds in job-oriented agriculture. A legislation on the lines of the "Public Money Recovery Act" as in Uttar Pradesh would be introduced in the State.

Institute Director A. S. Melkote said 62 persons attended the seminar. Labour Commissioner Siddiah Puranik gave a brief review of the deliberations. Additional Labour Commissioner Masood Ali Khan proposed a vote of thanks.

A brief eight-day session of the Legislative Assembly will commence from tomorrow. Three days are set apart for official business and remaining five days for non-official business.

The Assembly will adjourn on April 15 to meet again on May 10 to transact further business, including the election of seven members from the Assembly to the Council.

May 27 has been provisionally fixed as the date to elect members to the Council. Prominent among the seven members to retire from the Council are Deputy Chairman T. N. Narasimha Murthy, Minister N. Rachiah, Land Development Bank Chairman B. S. Viswanath and Housing Board Chairman P. Venkataramana.

The perplexing problem being faced is the election of seven members from Local Authorities Constituencies. They are from Gulbarga, Bangalore, Tumkur, Mysore-cum-Coorg, Raichur and Bellary.

A large number of local bodies are not functioning now and they are either superceded or under the control of administrators. Who are the members to vote is the question. Whether elections are to be held or the seats are to be kept vacant is engaging the attention of the Election Commissioner and a decision is awaited soon.

The graduates' seats from Bangalore are also to be filled and election to be held. The voters' list is ready and only the calender of dates is to be announced. So also the election for teachers' constituencies from Mysore South-West and Mysore South-Central.

The Legislative Council meets from April 12 to 17. All the dates are set apart for official business.

In all 21 members of the present Council retire by rotation on June 11 and the places have to be filled in before that date.

WOMEN'S SPECIALS IN MYSORE TOO

(From Our Correspondent)

Bangalore, April 9

A beginning was made here today to meet the transport problem of women passengers in peak hours with introduction of KSRTC's women's special services.

Inaugurating the 'first' women's special at Jayanagar Bus Stand, Assembly Speaker K. S. Nagarathnamma complimented the authorities for their new venture and pleaded for introduction of women conductors and drivers for these specials.

KSRTC Vice-Chairman Ramanathan, who referred to the growing transport problems, said the corporation was getting a loan of Rs. one crore from the Centre. Additional 65 buses would be put into operation.

Smt. M.R. Lakshamma pleaded for more representation to women in KSRTC advisory boards.

Transport Minister Mohamed Ali, who presided, commended the new scheme and said this would be experimented in Mysore also.

He warned conductors and drivers against discourtesy, misbehaviour and pilferage and said ruthless action would be taken against such erring staff. He appealed to the public to bring to the notice of the authorities such irregularities.

INDIA BATTLES TO VICTORY

CENTURY BY VISWANATH ; SOLID SUPPORT BY MOHINDER ; WINNING KNOCK BY BRIJESH

Fighting back gallantly, India scored a 6-wicket victory against West Indies in the third Test on the fifth and final day at Port of Spain.

The play hung in balance throughout the day. While the home team's spinners kept the Indian batsmen tied down, the Indian batsmen, particularly Viswanath and Mohinder Amarnath played with patience and confidence. The winning stroke came from the bat of Brijesh Patel in the 13th mandatory over when he pulled the ball to the boundary to take the score to 406, three runs more than the target.

Gavaskar laid solid foundation with 102 runs when he was stumped by Murray off Jumadeen when the score was 177. Mohinder, who gave excellent support to Gavaskar, batted ably with Viswanath They together added 159 runs.

Runs came slowly after the exit of Gavaskar due to tight bowling. At lunch the score was 197 for 2. But Viswanath and Mohinder took the score to 336, when Viswanath was run out for 112. India still needed 67 runs for a win with only the 20 mandatory overs left.

Brijesh Patel joined Mohinder. When India's score was 392, Mohinder, who had played for about 500 minutes, was run out for 85. India had yet to score 11 runs to reach the target.

Madanlal joined Brijesh and they together saw to India level up with West Indies 1-each. Brijesh remained not out with 49 and Madanlal 1 n.o.

The annual report of the State Tourism Development Corporation reveals a loss of Rs. 1,18,244 in 1974-75 as against a loss of Rs. 96,065 in the previous year.

There are 10 tourist lodges in different parts of the State and the corporation has approached the Government to transfer the Modern Hindu Hotel at Mysore and the guest houses at Ooty to it.

The Bangalore City Corporation has agreed to allot a land on lease on Queen's Road to the corporation for building a tourist centre.

The report was presented to the Legislative Council by Transport Minister Mohamed Ali on last Monday.

Medical Unit For Students

Mysore, April 17

Vice-Chancellor D. V. Urs suggested here today the setting up of a separate unit in the K.R. Hospital for the benefit of student community in the city.

Presiding over the inauguration of new health centre of the Mysore University in the Maharaja's College campus, Sri Urs said there were 30 colleges in the city with about 30,000 students. If all the Principals joined together and raised enough funds from the students, a separate unit could be put up at the K.R. Hospital.

The Vice-Chancellor also suggested to the Dean of Student Welfare to draw up a scheme for compulsory medical check-up of all students before they were admitted to the university. Such a practice was prevalent in many of the western universities and it would go a long way in eliminating the waste cost in education.

Dr. B.V. Puttaraj Urs, Director of Health and Family Planning, who earlier inaugurated the new health centre, congratulated the university for starting the medical centre.

He stressed the need for bringing down birth rate in the State and said as far as family planning achievement was concerned the State was in the lowest level. This was engaging the attention of the Government.

Dr. N. Srikantaswamy, Medical Officer, welcoming said there was already one medical centre in Manasa Gangotri campus and the new centre would cater to the students and staff of Maharaja's and Yuvaraja's Colleges. Sri V.K. Nataraj, Private Secretary to the Vice-Chancellor, proposed a vote of thanks.

3 Batsmen Hurt By Hostile Bowling

India declared their first innings at 306 for 6 a few minutes before tea on the second day of the final Test at Kingston. West Indies had scored 82 for no loss, in reply, when stumps were drawn for the day.

He was later followed by Brijesh Patel, who too had to retire hurt.

At lunch, India were in a very comfortable position with 237 for three, having lost the wickets of Amarnath (39) and Viswanath. But with more men getting injured, India was forced to declare their first innings.

RELIEF FOR INDUSTRIALISTS

Mysore, April 26

Divisional Commissioner Samuel Appaji today assured the Industrialists that the Industrial units were bound to be exempted from Existing Urban Land Ceiling Act.

Presiding over a function arranged to felicitate Sri M.K.Ramachandra, Chairman State Financial Corporation by District Small Scale Industries Association, Sri Appaji refered to the complaints made by speakers that the act had come in the way of further Development of the Industries. He said he knew that as at present the Industrial unit had not been exempted and at a recent meeting of officers held at Bangolore he had raised the subject.

Sri F.K.Irani, Industrialist, stressed the paramount need for a perspective plan for industrial growth of Mysore City. He was afraid that they were planning in a haphazard manner.

Sri H. Subba Rao, industrialist lamented due to lack of coordination between the various departments the entrepreneur was forced to go from pillar to post.

Association Secretary B. N. Aradhya said there had been slackness in the Industrial activities in Mysore City because of various problems facing the industrialists. He charged that certain autonamous institutions were coming in the way of development of inddstries.

Sri M. D. Shivananjappa visualised a bright future for Mysore.

Association vice-president R. Vasudeva Murthy proposed a vote of thanks.

FOOD-GRADE OIL FROM BRAN

Mysore, April 26

A plan to promote production of food grade oil in India from rice bran, the most important byproduct of rice milling industry, is under the active consideration of the Food Corporation of India, it is learnt.

Rice bran oil has so far been largely used in the country for industrial purposes only, because of its high free fatty acid and fast development of rancidity. Technology is now available in the country as a result of research done by Central Food Technological Research Institute to prevent the rice bran from becoming rancid. Rancidity is prevented in the bran by stabilizing the bran for which a stabilizer has been developed by CFTRI. The cost of the stabilizer is expected to be Rs. 15,000.

Even if 50 per cent of the estimated 20 lakh tonnes of rice bran available from rice mills is established, about 1.5 lakh tonnes of edible grade oil can be extracted for human use.

Implement 3-Language Formula

A. P. Minister's Plea

Mysore, April 28

It was high time that the accepted policy of the three-language formula was implemented sincerely in a dedicated manner and with a sense of urgency, Andhra Pradesh Education Minister M.V.Krishna Rao said here today.

Delivering the annual convocation address of the Southern Regional Language Centre, Sri Rao said that little opposition in the Southern States for accepting Hindi as a national language could be easily broken if there was a voluntary response from the Northern States to learn one of the languages of the South.

Any misunderstanding or doubt about imposition of Hindi in the South would gradually vanish with the awareness that their brothers in the North were also equally learning a language of the South. Learning a language other than his own, a person acquired some sort of a togetherness with the other regions which helped promotion of national integration, he said.

Vice-Chancellor D. V. Urs, who presided, referred to the common script for Kannada and Telugu, and said whenever it was possible to link two languages, it should be done.

Welcoming the gathering, Institute Director D. P. Pattanayak said the five regional centres had so far trained 1,293 teacher-trainees from 17 States and 3 Union Territories in 13 major Indian languages.

Approximately 18,000 school children were learning a language other than their mother tongues. The Institute had established 96 book corners and was contemplating to add 100 more during the current year, he said.

Principal K V.V.L. Narasimha Rao read a report. Smt. S. Padmamma (AP), Messrs T. Narayanan (Kerala), S. Mariyappan (Pondicherry) and K.L. Kommera (Maharashtra) spoke in Tamil, Kannada, Malayalam and Telugu, respectively.

Noise Menace

Sir,—Though the authorities have been kind enough to put up a board prohibiting the passage of lorries and buses in between Rajendra Circle and St. Philomena Circle via Asoka Road, the drivers of heavy vehicles are not adhering to the regulation and they ply their vehicles with top speed hooting the horns.

The residents of the locality would be grateful if steps are taken to see that the regulation is strictly enforced.

CIVIC CORPORATION BILL CRITICISED

Bangalore, May 14

The Karnataka Municipal Corporations Bill, as reported by the Joint Select Committee, which was moved in the Assembly yesterday, enables the Government to declare any area with a population of over two lakhs and revenue of over Rs. one crore as a municipal corporation.

The Bill makes it obligatory on the part of the councillors to declare their assets, the failure entailing loss of membership. The minimum and maximum number of members of a corporation has been fixed at 35 and 100. There is provision for reservation of four seats for women and two for labour. Representation to the Scheduled Castes and Tribes will be on the basis of population.

A special feature of the legislation is that legislators could not also be corporation members. There would be three standing committees—taxation and finance, health and works with seven councillors.

Bangalore, May 15

The Public Undertakings Committee of the State Legislature has passed strictures against the KSRTC authorities, including its Chairman, in regard to the disposal of tenders for running refreshment and retiring rooms at the Central Bus Stand in Mysore.

In its report presented to the Assembly by its Chairman K Puttaswamy, the Committee had opined that undue favour had been shown to the licensee all along at the expense of the corporation. The agreements with him were all one-sided.

The lapse on the part of the KSRTC had resulted in a loss of over Rs. one lakh by way of interest for which it was answerable. "The Chairman cannot escape the responsibility for this decision (acceptance of the bid) and for the consequential losses that flow it", it said.

The committee felt that there was something wrong with the way the board was functioning and recommended to theGovernment to review the set-up and working of the Board.

Seethavilasa Choultry

Sir,- The late Her Highness Seethavilasa Sannidhanadavaru, in 1895, constructed at a great cost the "Seethavilasa Choultry" in Chamaraja Double Road and also the tank "Subbarayanakere" for the convenience of those who came to stay in the choultry.

It is regretting to note that the choultry is not serving the purpose for which its donor built it. Besides, the building is neglected and it is slowly crumbling.

On behalf of the public, I plead with the concerned authorities to convert the choultry into a "Kalyana Mantap". The public are finding it extremely difficult to get kalyana mantaps in the city during the marriage season. The conversion does not require much expenditure as the main building is still in tact The kalyna mantap may be named "Sree Seethavilasa Sannidhana Kalyan Mantap".

I learn that this choultry is in charge of a trust. My earnest and humble appeal to them is to bestow their immediate and sympathetic consideration to the above suggestion made on behalf of the public.

Revamp Infn. Department

[From Our Correspondent]

Bangalore, May 20

The Information and Publicity Department of the State Government should grow into a more initiative and dynamic organisation, says the State Legislature Committee on Estimates.

In its annual report, the committee, headed by Smt. Sumati B. Madiman, has observed that during the Fourth Plan the publicity programmes had not been effectively implemented by the Department.

The reason given for this was inadequacy of staff, equipment and storage facilities and necessary laboratories.

The committee, therefore, suggests that Government should take immediate action to reorganise the department. It has suggested recruitment of trained people, qualified journalists and persons who have post-graduate degrees in journalism to improve the working of the department.

It has also suggested a survey to assess the impact of various media units of the department on the public to promote the forces of unity, national harmony and fight the forces of separatism, communalism and superstition.

The committee has said that publicity should not become mere gimmickry, as it has been done in the case of family planning programmes.

Another recommendation made by the committee is that a separate department should be created to deal with advertisements.

Association Organising Secretary T. S. Rajamani welcomed. Sri Paramesh proposed a vote of thanks.

As many as 70 teams with more than 700 athletes would be taking part in the meet. They include 105 women. There would be 58 events—22 for men 21 for women and 15 for boys.

The 42-km marathon race, a unique feature of this year's meet, had received a record number of entries, as many 35. The race would be conducted on May 23 at 5-30 a.m.

It would start from the Oriental Research Institute, near the grounds. The route will be Ramaswamy Circle, Chamaraja Double Road, around the Maharaja's Palace, Chamaraja Statue Square, Asoka Road and up to Lokapavani Bridge, near Srirangapatna, on Mysore-Bangalore Road and back the same route. The finish would be in front of the main pandal at the pavilion.

The main intention in organising the meet in Mysore this year was to give a fillip to sports which had suffered of recent years in the city, particularly after the cancellation of Dasara sports and to highlight the need for a stadium, Dr. Sitaram said.

Siddegowda, a former member of T. Narasipur TDB, illegally detained Puttamadiah, Siddiah and Ramadasiah, all Harijans, and beat them with clubs and other weapons causing multiple injuries.

It has been alleged that the TDB dispensary doctor, Dr. Sitarama Reddy, had failed to provide any medical relief to the injured three and the Sub-Inspector, L.H. Mayegeri, had not booked any charge-sheet against those who had committed the atrocities.

Harihara, The People's Poet

Mysore, May 31

The works of the classical Kannada poets like Pampa, Ponna and Ranna contained such high-flown Sanskrit compounds andphrases as to create a gap between them and the masses. After the Vachanakaras, it was Harihara who ushered in a new era in Kannada literature by adopting the language of the masses for his literary compositions, said Sri N. Nanjundaswamy, Epigraphic Asst., Govt. of India while addressing the Sarvabhasha SaraswatiSangha here recently.

Harihara employed the Ragale metre as more fitting for his works. Previously, literary works in Kannada always treated of gods and godesses. It was Harihara who was the first to devite from this established practice. Some of his works described the lives and teachings of the Puratanas or Sivabhaktas, he said.

Prof. M. V. Jambunathan, President of the Sangha, welcomed the gathering. Sri G. Ramaswamy Achar proposed a vote of thanks.

Sir:

A Challenge To Dr. Kovoor !

Walking on embers is not a difficult job whereas passing through the street next to Begum's Clinic in Sawday Road is no less than a miracle. I wish Dr. Kovoor should have earmarked a good part of his challenge-money for this task and put the challenge before our municipal authorities. Every child born here will have to pass through a breathing test before he could survive. Let our municipal authorities have a morning walk through that street to know the truth.

BIG HIKE IN CIVIC RENTS

Mysore, June 3

The rent of municipal buildings in the city have been enhanced by 75 per cent with effect from June 1, Municipal Commissioner S. Swatantra Rao disclosed today.

Addressing a press conference, he said that the increase would fetch an additional income of about Rs. 4 lakhs to the municipality. The raise would be on the basis of the rent prevail in 1965.

Sri Rao said that the need for increase was there for a long time and he was glad that a decision had been arrived at least now.

The modern beef-slaughter house being constructed at a cost of Rs. 2.75 lakhs at Kyathamaranahalli on T. Narasipur Road would be commissioned in July, he said.

Referring to the action taken by the municipality in removing encroachments, the Municipal Commissioner said that under instructions from the Government unauthorised occupations had been removed in the markets and this had received support from all sections.

The Municipal Administration Minister had visited the Devaraja Market and reviewed the action taken by the municipality.

Sri Rao said that in order to further improve the Devaraja Market, land had been acquired behind the mutton market. Some sections of the Market would be shifted there soon.

Action was being taken against those who had violated the licence rules and put up constructions. During the last two months, six buildings had been demolished, he said.

Two health inspectors had been kept under suspension for not taking the muster of Poura Karmikas and neglecting their duty last week, the Municipal Commissioner said.

The Municipality would observe World Environment Day on June 5, he added.

6 Digit Phones From June 5

(From Our Correspondent)

Bangalore, June 3

Bangalore is to have six digit telephone system. A begining in this direction would be made from June 5 when the 1,200-phone Ulsoor Exchange would start working, Bangalore Telephones District Manager A.V.S. Mani said today.

He told newsmen that at present there were over 30,000 phones in Bangalore and 6,000 were on the waiting list. He claimed that phones were working better now and complaints had come down.

The direct dialling system connecting Mysore would take two more years, he added. He released the new directory of Bangalore.

Rao's Assurance On Pay Panel Report

Mysore, June 3

Chief Secretary G.V.K. Rao assured the State Government employees here yesterday that the Government would take into consideration all grievances of the employees before taking a decision on the Pay Commission recommendations

Addressing the employees under the auspices of the District Association, he appealed to them to work with devotion and serve the public well. The 10-lakh employees were a "privileged class" compared to the rest of the population in the State, particularly the unemployed. They should always bear this in mind before putting up any demand, he said.

He asked them not to be thinking always of their pay, DA or the pay commission recommendations. As a privileged class with assured monthly pay they must think of the responsibility they owed to the public, who were their masters, Sri Rao said.

The Chief Secretary pleaded for their co-operation in toning up the administration for which the Government had created a separate department recently. He said a meeting of the Deputy Commissioners would be held on June 25 and 26 to discuss the welfare measures of the employees.

Association President K. A. Keshava Murthy welcomed Sri Rao. Vice President S. Krishna Murthy proposed a vote of thanks.

NEED TO RAISE OIL PRODUCTION

Mysore, June 4

Agriculture Minister N. Chikke Gowda yesterday called upon food technologists in the country to find out new sources of cheap edible oils.

Inaugurating a two-day symposium on fats and oils in relation to food products and their preparations at the CFTRI, he said that there was almost a famine in edible oils since the country produced just one-fifth of its requirements. While there was a need for 10.8 million tonnes to meet the average nutritional requirement by 1975, the production was barely 2 million tonnes.. The current production was about 3 million tonnes.

"We should be in a desparate hurry to raise our production and should, therefore, look for oilseeds that contain and yield a high amount of oil", the Minister said.

CFTRI Director B. L. Amla, who presided, said there was need to effect improvement in technology of oil processing to reduce losses as well as the cost of operation.

Dr. P. K. Kymal, Executive Director, Food and Nutrition Board, Government of India, welcomed the gathering. Dr. H. Nath, Director, Defence Food Research Laboratory, explained the objectives of the symposium. Dr. S. Venkoba Rao proposed a vote of thanks.

Prority For BG Line

Mysore, June 12

The conversion of Mysore-Bangalore metre gauge into broad gauge would be given top priority and a decision as regards the commencement of work would be taken in a month or two after working out the details, Minister of State for Railways Mohammed Shafi Qureshi said here yesterday.

Addressing the Congress workers, he said that with the State Government's offer of certain facilities and bearing of losses for a period of five years, this line would no longer be uneconomical.

He was also aware that the Chief Minister, the Government and the people here were very eager to have this line converted into broad gauge in view of its importance. "I personally feel this is a must and railways will give top priority", Sri Qureshi said.

The project was estimated to cost Rs. 17 crores. It would take three years to complete it with an annual expenditure of Rs. 5 crores.

The Minister denied "step-motherly artitude" towards Karnatnka in providing new railway lines.

He said the Mangalore-Subramanya section would be opened by November this year and the Hassan-Mangalore line would be completed in about two and half years.

The Minister said that in view of the heavy rush between Mysore and Bangalore after the nationalisation of contract carriages, one additional coach had been attached to the Chamundi Express from June 10. He suggested to the authorities to run one more train.

City DCC Secretary M. K. Lingiah welcomed the gathering. Sri TulsidasDaaappa, MP, urged for the conversion of Mysore-Bangalore and Bangalore-Miraj lines into broad gauge and Chamarajanagar - Sathyamangalam and Kottur-Harihar rail links.

City Bus Station

Sir,—The city's population and its constant stream of visitors have been undergoing untold misery every sice the nationalisation of contract buses some months ago.

Following the nationalisation, the city's Central Bus Station, which in fact had recently been given a new look at some expense and a great deal of effort, has been usurped to make confusion worse confounded. The bus terminus under construction opposite the Wesley Press is taking shape at a snail's pace with about six workers struggling "valiantly". There is no knowing when the terminus will be ready and how it will be used.

The Gandhi Square now used for city buses is neither fish, flesh nor fowl—no shelter for any one, no public conveniences and no proper control.

It all looks like the public feel very much like the famous Upamanyu, disciple of the great Aayodhadhoumya of the Mahabharata. The Guru having set him a task in the forest, forbade the lad, in succession, not to eat Bhiksha, nor drink cow's milk, nor even the froth form the calves mouths when they fed. This led the lad to eat some forest leaves which turned him blind resulting in his falling ihto a well.

Found there by the greatGuru, the lad was asked to pray to Aswini Devatas and lo and behold he regained his sight.

Oh! Where, where are the Aswini Devatas!

Open Varsity Scheme From This Year

Mysore, June 21

The open university system will come into force from this academic year in in the Mysore University's Institute of Correspondence Course and Continuing Education.

Under the new concept which liberalises the policy of restricted admission, persons who have attained the ages of 25 and 35 years will be eligible for admission to a degree course and a post-graduate course, respectively, from this year. However, this concession will not apply to professional courses like medine, engineering, law and education.

Vice-Chancellor D.V. Urs, who announced this revolutionary decision to the pressmen yesterday, said of the over 100 universities in the country Mysore University was the first to adopt a policy of "open door" in the field of education.

SWEEPING ACADEMIC REFORM

The university would start four study centres at Mysore, Mangalore, Belgaum and Dharwar with 10 tuters and a well-equipped library for the sake of these students. The libraries of all the affiliated colleges would also be made available to them.

Sri Urs also announced that the university was immediately embarking on a major programme of academic reform aimed at improving quality in education. This involved reorganisation of courses and sweeping examination reform.

Under this programme, the semester system would be extended to various under-graduate and post-graduate courses, excepting MBBS. With this, the academic year would start now from July 15 for under-graduate courses and from Aug. 1 for post-graduate courses. Mysore University again would be the first university in the country to introduce semester system at under-graduate level, he said.

While for post-graduate courses the minimum attendance would not be insisted and viva voce, external examiners and awarding of third classes would be done away with, separate boards of studies would be constituted for under-graduate and post-graduate levels.

M. PHIL COURSE

Another important decision taken by the university was to institute a degree of Master of Philosophy, a pro-requisite for Ph.D. degree from the current year, the Vice-Chancellor said.

Malayalam Literature

Mysore, June 22

A study of the cultural heritage of India would reveal the unity in diversity characteristic of our land. The Sanskrit language has acted as the unifying force pervading all spheres such as religion, philosophy, literature and the fine arts, said Sri Y.M.C. Kunhi Krishna Kurup of Cannanore while speaking at the Sarva Bhasha Saraswati Sangha here recently on Malayalama language and literature.

If one compared the vocabulary and grammar of the languages of South India, namely, Tamil, Telugu, Kannada and Malayalam, one can easily perceive the influence of the original Dravidian on these languages. The three ancient kingdoms of Chora, Chola and Pandya were collectively known as Tamilakam, and the common language of those three kingdoms was Tamil. Somewhere about the 9th century A.D., Malayalam, an off-shoot of Tamil became a separate language by itself spoken by the people of the former Chera kingdom, he said.

Ramacharite was the first literary work in Malayalam and it employed Tamil vocabulary to a large extent, and followed the literary style of the Nayanmars and Alwars of Tamil Nadu. The Manipravala style consisting of a free admixture ofSanskrit words and the local language came into vogue in Malayalam as in the other Dravidian languages. The Kannada language and literary trends had considerable influence onMalayalam. The colloquial language of the Nambudiris of Kerala was a mixture of Sanskrit, Prakrit and old Kannada. The Lila Tilakam, a Malayalam grammatical work of the 14th century was influenced by the Tamil grammatical treatises Tolkappiam and Nannool, as well as by theKarnataka Bhasha Bhushana of Nagavarma.

The earlier literary works in Malayalam were of the Champu type, such as Ramachandra Vilasam, Rukmangada Charitam, etc. Modern works inMalayalam broke new ground. Mahakavi Ulloor Parameswara Iyer, the only Malayalam poet to write a Mahakavya in Malayalam, namely Uma-Keralam, Kumaran Asan, Ezhuthachan and Vitlathol are the literary luminaries of Modern Malayalam. The greatest poet of Modern Kerala is Shankara Kurup, who won the first Jnanapith Award for his poem "Odakkuzhal", said Sri Kurup. Prof. M.V. Jambunathan, President of the Sangha, welcomed. Sri R. Krishnaswamy proposed a vote of thanks.

Minister's Surprise Visits

Mysore, June 23

Labour Minister S. M. Yahya told newsmen here yesterday that he had paid surprise visits to the local Employment Exchange and the Central E.S.I. Dispensary, near Jagan Mohan Palace.

He said he found the working at both the places to be satisfactory. There were 22,804 unemployed persons on the register of the EmploymentExchange. They included 11,500 undergraduates and PUC and 2,500 graduates. The Exchange had sponsored 300 candidates for jobs last year.

The Minister said the Government was thinking of making residential qualification compulsory for registration for employment. The minimum was proposed to be extended from six months to three years. A school certificate would be insisted at the time of registration.

The Government was also urging the Centre to make employers from all sectors to absorb candidates sponsored by the employment exchange, he said.

Sri Yahya sternly warned bootleggers and illicit distillers that the Government would deal firmly with them. It would not hesitate to use even MISA to put down illicit distillation and boot-legging.

The Minister, who also visited the Muslim Boys' Orphange about the working of which there were several complaints, said it was functioning well now.

CM's Call To DCs

[From Our Correspondent]

Bangalore, June 25

Chief Minister Devaraj Urs called upon the Deputy Commissioners to take immediate measures to check the increasing prices.

Inaugurating their two-day conference, specially convened to review the 20-point programme, he said that monsoon had been delayed in certain parts of State as a result of which the prices were being pushed up. The trend had to be checked, he said.

Sri Urs told the Deputy Commissioners that they were meeting at a "significant time" of completion of a year of emergency. He called upon them to know the difficulties of the people and take steps under the economic programme to fulfil their aspirations.
